Historic Joanna Furnace

HCNHA is dedicated to the restoration and preservation of historic Joanna Furnace and to the appreciation for maintaining and honoring its story, its mills, and artifacts that represent our local heritage. HCNHA is a 501(c)(3) nonprofit charitable organization and all offers, activities and volunteers. A copy of the official regulations and financial information may be obtained from the PA Dept. of State by calling 800-727-2600. Registration forms are highly recommended.

THE CASTING HOUSE BEAVER TAIL TILE ROOF RESTORATION

is the most recent preservation project of the Hay Creek Valley Historical Association. During the festival you can witness this construction project and see the iron heritage of historic Joanna Furnace come back to life! Contributions are still needed for this project. Simply complete the form on the back of the festival guide or go to haycreek.org and donate online.
